

**Storm Water Board
Work Session
October 8, 2013**

The Storm Water Board for the Town of Cedar Lake held its regular Work session on October 8, 2013. The meeting was called to order at approximately 7:00 p.m. Members present were: Glenn Sechen, Joe Trtan, and Norman Stick. Staff members present were: Robert Carnahan; Town Council, and Jessica Chick; Recording Secretary.

- I. Public Comment:** none
- II. Written Communication:** none
- III. Work Session Items:**
 - A. 129th Avenue, East of Hilltop. The Town Engineer had not been contacted regarding this matter. He had gone to a Town Council meeting and told the members the water is going into his house. Curbs are the only solution to this problem because his property is lower than the road. The curvature of the road sends all the drainage into his and his neighbor’s yard.
 - B. Parrish Fields, drainage project; piping requirements; cost and project update. The board had approved the prices for the correct piping material needed. The original budget was \$15,000 and the new approved budget is \$20,000.
 - C. 127th Place and Bell, water not reaching culvert. Should be lowered about 4 inches. Project to be completed at a later date.
 - D. Sleepy Hollow Ditch; Update. No current update.
 - E. Public Works Projects. Jim Cornett with Public Works not present.
- IV. Final Public Comment:** none
- V. Board Comment:** MacArthur school needs to be looked at again. Flooding is occurring where the children walk and where the custodians take the garbage out. A catch basin can be placed than possibly discuss it will the school to run pipe to it. This project needs to be completed as soon as possible, for safety reasons.
8601 W. 132nd Pl. Myer Manor. Someone had approached a Council member regarding this property about a drainage problem.

Motion to adjourn made by Glenn Sechen and seconded by Joe Trtan.
