Mr. Deenik stated Mr. Kubiak took a look and incorrectly told the homeowner he could leave it. Mr. Deenik was in attendance at multiple storm meetings and was told it would be rectified. He was told the homeowner would be notified verbally. He asked why when the ordinance states it should be done in writing. He voiced concerns with the lack of action by the Storm Board up until July. Mr. Oliphant told Mr. Deenik that the homeowner would be notified in writing. In August, he was assured that the fill would be removed and the ditch line would be re-established. Public works removed the dirt but the ditch line was not re-established. Mr. Deenik disagreed with Mr. Kubiak and the update given at the prior Storm meeting. Multiple conversations occurred on the property in question and the ditch line. He asked about mudjacking. He voiced concerns with sinking in the sidewalk. Mr. Foreman stated the information on mudjacking has been sent to the insurance company. Mr. Lameeka continued to voice concerns and asked for something to be done. He stated it has been four years since the initial incident. Mr. Foreman briefly discussed the water and the drainage issue. Mr. Niemeyer asked if it was because of the water main break. He asked what the fix is. Mr. Lameeka stated mudjacking. Mr. Foreman asked if there was an answer from the insurance company. Mrs. Murr stated no. Mr. Niemeyer stated he doubts they would pay for anything. He stated they need to coordinate with the engineer and staff and get a plan together. They need to get it taken care of. Mr. Austgen discussed getting in contact with Bob Bryan for a discussion. A brief discussion continued.

**TOWN OF CEDAR LAKE, LAKE COUNTY, INDIANA
MINUTES OF THE TOWN COUNCIL**

Water comes into the lower level. This wasn't an issue prior to the build. She has been talking with Diamond Peak but it goes nowhere. She shared emails and pictures with Council. Mrs. Prough continued to voice concerns and a very lengthy discussion occurred on the drainage/water issues. Mrs. Murr stated this has been discussed with the engineer. Mr. Oliphant looked into it and it was determined to be an issue with the builder. Mr. Niemeyer voiced his disgust with the way this has been handled by the builder. Mr. Foreman asked what the proper channel is. Mr. Austgen stated this is a development issue and he discussed the issues and the potential remedies. He suggested an aggressive approach. Mrs. Prough shared her contact information with staff.

Mr. Linas voiced concerns with abandoned vehicles on the property discussed earlier. He voiced concerns with enforcement not taking place. He was told it was only enforced if they could see it from the road. The car was eventually moved but it was moved behind the house. A brief discussion occurred on abandoned vehicles and enforcement. Chief Fisher stated it's not a public roadway. Officers cannot go on private property to look for or at something. Mr. Linas voiced concerns with the wording of the ordinance. Chief Fisher again stated they cannot go on private property and violate the Fourth Amendment. A lengthy discussion continued.

Bob Jacks, 8108 W 147th Avenue, voiced concerns with speeding cars on his street. He fears someone will get hurt. Vehicles continue to pass on the double yellow. The road looks nice now and the speeding has gotten worse. Chief Fisher asked if there was a worse time. He can't just sit an officer there all day. Mr. Jacks stated most traffic occurs in the afternoon and on the weekend. Chief Fisher stated he would have a patrol in the area during those times reported. They would put the speed sign up in the area. A brief discussion continued.

Kevin Toth, Hanover Township Trustee, stated his office has been working with the Indiana Housing Department on rental assistance applications. They've helped process them and made over \$20,000. They have decided to use the funds to turn the building into an emergency shelter. They will be installing a generator as well as other items. It's going to be offered to the whole community.
