HYDRANT FLUSHING

The Water Department will be posting signs the day before flushing the hydrants, as well as posting notices on the Town's website & Facebook page. You may not want to wash clothes on flushing days. If you encounter discolored water, open an outside faucet and run the water until it clears up. Thank you for your patience.

Fire Prevention Week - October 8th to 14th, 2017

In a fire, seconds count. Seconds can mean the difference between residents of our community escaping safely from a fire or having their lives end in tragedy.

That's why this year's Fire Prevention Week theme: "Every Second Counts: Plan 2 Ways Out!" is so important. It reinforces why everyone needs to have an escape plan.

- Draw a map of your home by using our grid with all members of your household, marking two exits from each room and a path to the outside from each exit.
- Practice your home fire drill twice a year. Conduct one at night and one during the day with everyone in your home, and practice using different ways out.
- Teach children how to escape on their own in case you can't help them.

- Make sure the number of your home is clearly marked and easy for the fire department to find.
- Close doors behind you as you leave - this may slow the spread of smoke, heat, and fire.
- Once you get outside, stay outside. Never go back inside a burning building.

The fire department will be visiting all the grade schools and daycare facilities in our community during fire prevention week. We will be giving away bicycles to the winners of our coloring contests at the schools.

Hope to see all of you at our open house.

Chief of the Fire Department
Todd Wilkening

LEAF COLLECTION

Leaf vac trucks will be out each week for the duration of leaf-pick-up season which starts Monday, October 3rd and ends mid-December. Our crews will start at one end of town and continue to the other until the entire town is picked up, the crews will then start over again. Residents are welcome to dispose of leaves at the Public Works Department, Mondays through Fridays from 7am to 3pm. If you'd like to dispose of your leaves at Public Works, please stop in the main office first!

Leaf Collection Guidelines

- Place the leaf piles along the curbside within six (6) feet of the street.
- Do not park vehicles within ten (10) feet of the leaf pile.
- Do not block waterways or stormwater drainage.
- Do not mix leaves with yard waste, branches, stones or branches; leaf piles will be bypassed if any improper items are noticed.
- If you wish to bag leaves, use brown yard waste bags; we will not pick up leaves in any other container.
- Calling when yard work is completed is not necessary.
