## Goals

### Planning & Making Progress

Many of us are probably coming up with our New Year's resolutions or setting out to conquer the year with "goals." But, let's be honest, it's hard to commit to goals and they're intimidating so let's take a different approach...

#### Let's commit to processes.

If we focus more on practices and performance instead of the end result, we can enjoy the present yet continue to make improvements and adjustments all along the way.

#### Short-term vs. long-term progress.

Systems are more valuable than goals. Goals create pressure and a need for immediacy which can create quite the burden on anyone. Goals focus on short-term results but systems are about the long-term processes, considering so much more than just an end result. Just like making a cake... if we have all of the ingredients and follow the recipe, that cake is going to taste good!

#### Feedback.

In order to have a loop of successful processes to make progress, we need feedback! Feedback allows us to make improvements and adjustments all along the way so that in due time, we can achieve our goals.

Goals are great for planning progress while systems are good for actually making progress.

The Town actively seeks ways to increase the effectiveness and efficiency of serving its community in all that we do and we welcome our residents' feedback and support! As our Town grows and develops, we continue to look at our processes and evaluate them to meet our changing needs. Our goal is to help our town, your town, and with your feedback and support, we will be able to accomplish this and so much more.

We wish the best of luck to everyone this year!

On Saturday, January 19, 2019 at 2:00 pm, Cedar Lake Ministries is once again having a Polar Plunge fundraising event that will challenge many brave souls to jump into the icy shores of Cedar Lake to help support this ministry.

This exciting event will be a spectacle like no other with three ways that you can be involved:

**1. Be a plunger:** Raise support and win a prize for most funds raised, wear a costume to win a traveling trophy, and take the plunge. Sign up by sending me an email at [estherm@cedarlakeministries.org](mailto:estherm@cedarlakeministries.org).

**10 Plungers:** So far we have 10 Plungers - Brad Dykstra, Brent Knoll, Brian DeVries, Dave Duesing, Esther Miller, John Murphy, Ken Dalla Costa, Mike Miller, Mike Powell, and Sanusi Mutuwa.

**2. Be a spectator:** Bring the whole family on Saturday, January 19, 2019, from 2:00 p.m. to 4:00 p.m., for an afternoon filled with fun. Activities include the Black Hole Slide, an award ceremony for best costume and highest fundraiser, dessert, and viewing the polar plungers freeze their fur off in the icy cold waters of Cedar Lake!

**3. Be a supporter:** We have a \$8,500 fundraising goal for this event, and we need your help. You can support our plungers by making a donation to Cedar Lake Ministries on behalf of these warm-hearted people who are willing to take the 2019 Polar Plunge. Just go to our website [www.cedarlakeministries.org](http://www.cedarlakeministries.org) and click on the Polar Plunge link to make your donation. Any gift amount you give is greatly appreciated. It all goes to a wonderful eternal cause, and every little bit gets us that much closer to this goal.

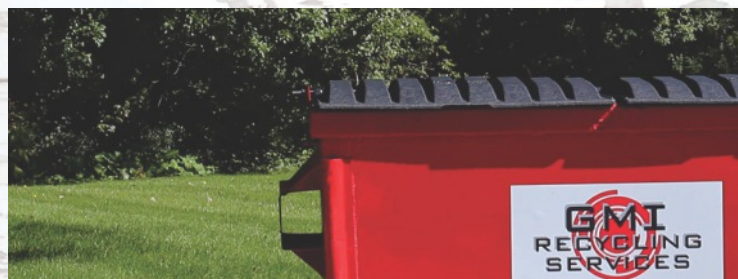

## Town Events

Public Works now offers every 3<sup>rd</sup> Saturday of the month open for residential dumpster access, January through December! It is our effort and attempt to better serve the residents and keep the Public Works property and the Recycling Center clean and void of illegal dumping. We condone the proper disposal of wastes and recyclables. **Please call our office in advance if you have questions regarding wastes or recycling 219-374-7478.**

Access is now available on the 3rd Saturday of each month, January through December from **9:00am to 1:00pm** on the following dates (dates tentative):
