School Bus Safety

In light of the many school bus tragedies lately, the following are tips from the Cedar Lake Police to ensure our children are safe throughout the school year:

FOR DRIVERS

The Cedar Lake Police provide helpful hints for stopping on various types of roadways.

- **Two-Lane Roadways:**
If a school bus stops on a two lane road and the red flashing lights are activated and the stop arm is extended, all motorists **MUST** stop.
- **Multi-Lane Roads with No Barrier Between Lanes:**
When a school bus stops on a multi-lane roadway without a barrier and the red flashing lights are activated and the stop arm is extended, all motorists **MUST** stop.

- **Multi-Lane Roadway with Grassy &/or Concrete Barrier:**

When a school bus stops and the red flashing lights are activated and the stop arm is extended, only vehicles behind the bus **MUST** stop. Vehicles that are approaching from the opposite side are **NOT** required to stop.

FOR PARENTS

Indiana State Law requires that state police inspect all buses annually and buses at least 12 years old semiannually for safety. Did you know you can find this information online? You can easily check the safety of your child's school buses at:
