... and More

RAIN BARREL & COMPOSTER ORDERING

Did you know that lawn and garden watering make up almost 40% of water usage during the summer months? A rain barrel collects water and stores it for when you need it most! Saving water not only helps protect the environment, it saves you money and energy. Diverting water from storm drains also decreases the impact of runoff to streams. Therefore, a rain barrel is an easy way for you to have a consistent supply of clean, fresh water for outdoor use, free. The Town of Cedar Lake will work with UpCycle Products to host a rain barrel event for Earth Day! You can order through the Town's website, www.cedarlakein.org, which will allow you to pre-order your rain barrel for this spring! Prices start from \$54.00 for a 55 gallon barrel and range with the type of product and come in a variety of colors. **Pre-ordered rain barrels will be available for pick up on Earth Day - Monday, April 22nd from 2 to 5 pm at the Cedar Lake Town Hall, 7408 Constitution Avenue. Last day to order is April 15th!** For any questions please contact Sarah at (219) 374-7400 extension 127.

ROAD CONSTRUCTION, DETOURS, DUST & PATIENCE

Lake Shore Drive/Cline Avenue Intersection Improvement/Roundabout Project

Road infrastructure improvement and safety continue to be a priority for the Town of Cedar Lake. Observing the Lake Shore Drive/Cline Avenue intersection to be a key area for safety and traffic flow, the Town requested and received approval for federal funding (\$2M) to develop this intersection into a round-a-bout (Total \$2.9M). Initially, the project received approval for implementation in 2022, but through the efforts of Town Administrator, Jill Murr, this project will commence summer of 2019. This past fall, the reputable firm Walsh and Kelly was awarded the contract to build the round-a-bout. Utility Relocation Work has started, and it is anticipated that significant construction will commence following the Fourth of July. Town officials are highly aware of this area's high seasonal traffic, and have requested the over-seeing engineer to enable traffic as much as possible during the construction period. Please use caution when traveling in this area as lane delays will occur. Traffic may be limited to one lane at times. We thank you for your patience, as we improve our roadways and enable the safety for our residents and our visitors.

PRINCIPLES AND CONCEPTS OF PERSONAL SAFETY

Brought to you by the Cedar Lake Police Department

DATE/TIME: Saturday, March 9, 2019
 from 10-11:30 am
LOCATION: Cedar Lake Public Library,
 10010 West 133rd Ave
REGISTRATION: There is no fee to participate.
 Please RSVP to (219) 374-7121

You don't plan to have an emergency. Bad things can happen at any time and at anyplace to anyone. In this 90 minute seminar from the Cedar Lake Police Department, learn those foundational concepts and principles that will

help you to reduce your risk of a violent encounter and other hazards. Some of the topics covered include: Awareness – what level you need to have, The OODA Loop – Observe/Orient/ Decide/Act, How Trouble Finds Us, What You Should Carry with You – Everyday, and What Your Kids Should Know.

This is a non-hands-on seminar is designed to give you the knowledge you need to reduce your risk of trouble and help you and your loved ones survive should it find you.
